

St Bernadette's Catholic Primary School - Oak

Animals including Humans

Gospel Value
Stewardship –
responsibility for our
common home

Key Knowledge

Animals vary in many ways having different structures e.g. wings, tails, ears etc. They also have different skin coverings e.g. scales, feathers, hair. These key features can be used to identify them. Humans have key parts in common, but these vary from person to person.

Animals eat certain things - some eat other animals, some eat plants, some eat both plants and animals.

Humans (and other animals) find out about the world using their senses. Humans have five senses – sight, touch, taste, hearing and smelling. These senses are linked to particular parts of the body.

Key Vocabulary

Fish	
Amphibians	
Mammals	
Birds	
Reptiles	
Pets	
Omnivores	
Meat	
Plants	
Herbivores	
Carnivores	
Head	
Neck	
Arms	
Elbow	

Key Vocabulary
