Gospel Value: Justice

What I should know: To give my attention to what others say and respond appropriately to questions and discussions about significant events in mine and others lives. Use everyday language related to time. I can express myself using past, present, and future forms accurately when talking about events that have happened or are to happen in the future. I can develop my own narratives and explanations by connecting ideas or events. I can order and sequence familiar events. I remember and talk about significant events in my own experience. Look closely at similarities, differences, patterns and change over the year and know some of the things that make me unique and can talk about some of the similarities and differences in relation to friends or family.
