

St Bernadette's Catholic Primary School - Oak Class

Where Do I Live

Gospel Value:
Respect

What I should know: I notice and talk about some similarities and differences between some of the man-made and natural features of their environment and contrasting environments including the weather and the plants and animals that live there. I have explored the natural world around me, talking about the human and physical features I can see at school and at home. I know the name of my street and that I live in Lancaster / Morecambe. I can describe my immediate environment using knowledge from observation, discussion, fiction and non-fiction texts. I can draw a simple map based on a story.

Maps

Key Knowledge

- Lancaster is a city in England. It has a river called River Lune running through the city and a castle.
- Lancaster has many features such as fields, factories, different types of homes, fields and hills.
- England is a country in the United Kingdom. The United Kingdom is made up of England, Scotland, Wales and Northern Ireland
- The United Kingdom is part of the continent of Europe.
- Villages and towns are smaller than cities but can have many of the same features.
- Physical features are naturally formed landmarks and human features are created by humans.
